HARVARD UNIVERSITY

# A ROLL OF HONOR

OF HARVARD MEN WHO HAVE GIVEN THEIR  
LIVES FOR LIBERTY AND DEMOCRACY  
IN THE WAR AGAINST GERMANY

*Manus haec inimica Tyrannis*

PRINTED FOR THE HARVARD MEMORIAL SOCIETY

CAMBRIDGE  
HARVARD UNIVERSITY PRESS

1919

F-44

THIS list, based on the chronological record of the Honor Roll compiled for the Harvard Memorial Society and standing in the entrance hall of the Widener Library, is intended to include the names of all Harvard men who have died in the military and naval service of the United States and of the Allies, and in the several relief organizations operating abroad, such as the Ambulance Service, the Y. M. C. A., and the Red Cross.

An examination of the list will show that, of the 331 men recorded here 45 died serving in the armies of France or England, and 28 before the United States entered the War; and it should be remembered that many of those who died in the American service had previously been enrolled under other flags in the Ambulance Corps, the Foreign Legion, the Lafayette Squadron and elsewhere.

The present list doubtless contains errors, which it is hoped those who notice them will kindly correct by sending word to

WILLIAM C. LANE,  
*President Harvard Memorial Society.*
